

Some of our key policies:

- Reverse Centralisation:**
 The Scottish Christian Party is concerned at the ongoing breakdown of local communities and the weakening of local government through centralist policies in Edinburgh, Westminster and Brussels. Too many local matters, such as the right to vary the price of fuel for remote and rural areas, require EU approval. We believe that withdrawal from the European Union will address the framework within which local government is conducted.
- Respect for Conscience:**
 Respect for conscience has served as a bulwark against tyranny. The Christian Party believes this is being dangerously discarded by successive Governments and must be urgently restored and defended.
- Equality and Diversity:**
 The Christian Party will seek to ensure that all local authority equality and diversity policies and training include the Christian perspective on faith, morality, marriage and sexuality, etc. Equality legislation is too unequal, and Christianity is at the bottom of the pecking order.
- Pro-Life:**
 The Christian Party believes in the sanctity of human life and will oppose attempts to legislate for euthanasia. We believe that the life of the unborn child should be protected to the full extent of the powers available to the Scottish Parliament. We will campaign for full human rights to be given to the unborn child, and we will continue to press the Scottish Parliament to seek powers under Scottish law to ban abortions.
- Appropriate Sex Education for Schoolchildren:**
 The Christian Party will call for sex education classes to be given only to children on a parental opt-in basis. We will fight for the promotion in school of chastity before marriage, and faithfulness in marriage, as the only safe sexual practice, as and when sex education is taught. We will oppose sex education in Infant Schools and the incessant drive to sexualise children through this agenda.

I would like to help the Scottish Christian Party Campaign by-

- Distributing leaflets
 - Putting up a window poster
 - Putting up street posters
 - Making a donation

What people are saying...

- "Put the Inverness Trunk Link Road up the agenda along with the canal and river Ness crossing."
- "Develop the transport infra-structure of the north and western Highlands and Islands."
- "Retain 24 hour staffing of the Stornoway and Shetland coastguard stations."
- "Keep the control of Northern Constabulary in the Highlands and Islands."
- "Stop Central Belt centralisation."
- "Stop cuts of school classroom assistants and identify efficiency savings instead."
- "Support a new container transhipment hub port at Scapa Flow, increase trading north to south, and double Scotland's trade."

"Put your cross by The Cross!"

Scottish Christian Party

Message to the Highlands and Islands from the Leader of the Scottish Christian Party
Dr Donald Boyd, Inverness.

Dr Donald Boyd

Our Manifesto promotes the Highlands and Islands' local priorities: RAF bases and 24hr manning of Coastguard stations in Stormoway and Shetland. We oppose centralization of Police and Fire Services.

Our integrated transport policy capitalizes on growing renewable energy programmes in the north and west; prioritizes the Inverness Trunk Link Road and River Ness and canal crossings, which the SNP failed to deliver; supports a new container transhipment hub for Europe at Scapa Flow, to double Scotland's trade in goods and re-balance the flow of goods so that it does not all come from the south.

We believe that you, the Scottish people, need protection from top-down government which breaks its Manifesto pledges – on tuition fees, the NHS, a Referendum on Europe – and “thinks it knows best”. We propose: governing parties be forbidden to legislate contrary to their most recent Manifesto; free student tuition fees; reducing waiting times for urgent NHS referrals; increasing efficiencies by retaining savings locally; lengthening apprenticeships to encourage small businesses; maintaining the freeze on Council Tax.

Dr Boyd discussing policies

The Christian Party on the move!

B&Bs and tourism are under threat by unequal equalities legislation, which places religious conscientious objection lower than homosexual rights. Only the SCP supports free speech for Christian liberties with a Christian Voice in Holyrood to draw attention to this. Common sense and fairness can be delivered by the SCP with its balance of financial prudence and conservative instincts, social conscience, concern for the worker, paramount concern for freedom of speech, religious and civil liberties, conscientious care and accountability for the environment and Earth's resources.

Did You Know?

- Did you know that in the 2007 Scottish Parliamentary elections more people in the Highlands and Islands Region voted for the Scottish Christian Party than for ten other established Parties?
- Did you know that in the 2007 Scottish Parliamentary elections the Scottish Christian Party beat the Conservatives and the Liberal Democrats in the Western Isles constituency, with 12.5% of the vote?
- Did you know that one more push could give you a Christian Voice in the 2011 Scottish Parliament? How? If every person who voted for the Scottish Christian Party in 2007 will recruit just one other voter, you will have a Christian Voice in Holyrood. Look for our 'Brother Andrew' campaign on our website.
- At the last Census, over 70% of Great Britain stated their religion was Christianity. **The Christian vote is the fastest growing political force in the Highlands and Islands, and it is time for Scotland to feel the force.**

“Put your cross by The Cross!”

Vote Scottish Christian Party on the Highlands and Islands Region Ballot to influence the next Scottish Government.

In 2007 Labour had to look on in frustration as the SNP pipped them to the post. The whole outcome of the Holyrood election depended upon the Regional vote in the Highlands and Islands. The step by step story is on our website. The SNP beat Labour by just one seat in the Scottish Parliamentary Election. Had the Scottish Christian Party won that last Highlands and Islands Region seat, instead of the SNP, then Labour would have won the 2007 Scottish Parliamentary Election.

So how can you influence the next Scottish Government?

The Highlands and Islands Region is the strongest Lib Dem Region in Scotland. Despite polling almost 20% of the Regional List vote, the Lib Dems did not win any Regional List seats in 2007 because they won so many constituency seats. Voting for the Lib Dems on the Highlands and Islands Region list was a wasted vote.

If you are a Christian and you voted **Liberal Democrat** on the Regional List in Highlands and Islands Region, then your vote counted for nothing towards a Regional MSP – all 37,001 votes were wasted votes. You would have been better giving this wasted vote to the Christian Party. See our website for a more detailed explanation.

If you are a Christian and you voted **Labour** you may want to give your Regional vote to the Scottish Christian Party, not simply to have a Christian Voice in Holyrood; but to help to keep the SNP out. **DON'T MAKE THE SAME MISTAKE THIS TIME!**
VOTE Scottish Christian Party.
